IDENTIFIERS	*Alabama

ABSTRACT

Statistical data and reference information on Alabama's 57 public institutions of higher education and 17 private universities and colleges are presented. Seven sections provide tables on the following subjects: (1) current enrollment (i.e. general characteristics, total public for fall 1977-1987, and racial composition); (2) first-time entering freshmen (sources by county public four-year institutions, percent by race, and by residence, type of institution, and time from high school graduation); (3) educational and general--finance (expenditures and revenues for public four-year, two-year, and technical institutions, and private institutions); (4) tuition and required fees (average in-state and out-of-state for Alabama colleges, undergraduate and graduate in-state and out-of-state for Alabama colleges, and public junior and technical colleges); (5) average faculty salaries (5-year summary, public four-year institutions, public junior and community colleges, and public technical colleges by gender); (6) completions--degrees conferred (i.e. baccalaureate and advanced degrees conferred in Alabama 1976-77 and 1986-87, number of degrees conferred by level and gender, and number and percent of degrees conferred by field of study and level of degree); and (7) facilities (i.e. facility inventory, net assignable space by use, condition of buildings, and land inventory). MEMORANDUM

TO: Users of the Statistical Abstract

FROM: Joseph T. Sutton
Executive Director

The "Statistical Abstract 1987-88: Higher Education in Alabama" provides data and reference information on Alabama's 57 public institutions of higher education as well as 17 private universities and colleges.

The document is published as a service to those who have need of such facts. We welcome suggestions concerning improvements or changes for future editions. This edition has benefited from comments on the 1986-87 edition.

I hope you find this publication useful.

Alabama Department of Postsecondary Education Fall Enrollment Reports, 1977-1986;
Integrated Postsecondary Education Data System (IPEDS), 1986 and 1987.

NOTE: For years many two-year institutions were not included in the Higher Education General Information Survey (HEGIS) universe, so that for coverage purposes, headcount enrollments defined by the Alabama Department of Postsecondary Education were reported. With the establishment of the Integrated Postsecondary Education Data System (IPEDS), ALL INSTITUTIONS will be covered. For consistency across higher education, headcounts for two-year colleges will be reported as defined under IPEDS. The counts differ by the exclusion of students not enrolled for degree/award credit.

SOURCE: Alabama Department of Postsecondary Education Fall Enrollment Reports, 1976 - 1986; Integrated Postsecondary Education Data System (IPEDS) Fall, 1986, 1987.

NOTE: For years many two-year institutions were not included in the Higher Education General Information Survey (HEGIS) universe, so that for coverage purposes, headcount enrollments defined by the Alabama Department of Postsecondary Education were reported. With the establishment of the Integrated Postsecondary Education Data System (IPEDS), ALL INSTITUTIONS will be covered. For consistency across higher education, headcounts for two-year colleges will be reported as defined under IPEDS. The counts differ by the exclusion of students not enrolled for degree/award credit.

SOURCE: ACHE Credit Hour Production Reports for Fall.

a. FTE (full-time equivalent) = Fall Undergraduate hours divided by 15, graduate-1 (master's level) hours divided by 12, and graduate-2 (doctor's level) hours divided by 9. The divisors 15, 12 and 9 are considered the standard credit course load taken by a full-time student at the undergraduate, master's and doctor's level respectively. Each first professional student is counted as one FTE. Includes health sciences and first professional students.

b. Includes Phenix City and Bay Minette.

c. Includes Fort Rucker.

d. Includes Maxwell.

NOTE: * These are the institution's evaluations of the conditions of their facilities.

Condition Codes:

Satisfactory - Suitable for continued use with normal maintenanance.

Renovation Required 0 to 25% - Requires restoration to present acceptable standards without major room-use changes, alterations or modernizations. The approximate cost of renovation is not greater than 50% of the estimated replacement cost of the building.

Renovation Required more than 50% - Requires major remodeling. The approximate cost of renovation is greater than 50% of the estimated replacement cost of the building.

Demolition/Termination - Should be demolished or abandoned because the building is unsafe or structurally unsound.

ALABAMA COMMISSION ON HIGHER EDUCATION

Created by the Legislature in 1969, the Commission is charged with the responsibility of coordinating public higher education in Alabama.

The Commission is devoted to representing the citizens' higher-education interests to the Governor and Legislature, while at the same time faithfully presenting the needs of the colleges and universities to the state.

In carrying out its responsbilities to approve new programs, review existing programs, formulate an annual budget recommendation, coordinate student financial aid programs and chart long-range goals for higher education, the Commission matches the strengths of the 57 institutions with the state's available financial resources.

To ensure the decisions are made with an awareness of the educational and financial consequences, the Alabama Commission on Higher Education provides data; responds to inquires; conducts studies; and offers other assistance on higher education matters to the Governor, the Legislature, the institutions and the citizens of Alabama.

The Commission is composed of 12 members - 10 appointed by the governor, one by the lieutenant governor and one by the speaker of the House - who serve staggered nine-year terms.
